Dr. Stephen Sroka

Dear Dr. Sroka:

I would like to take this opportunity on behalf of the staff, students, and parents of the Austintown Local School District to thank you for your presentations in our district on December 8, 9, and 10. Your style, energy, and message definitely created a positive impact and caused much thought among all who listened.

One of the most impressive aspects of your stay here was the eighteen presentations in three days to groups ranging from staff and parents, to first and second graders. It was a pleasure to see a true professional adjust the presentations to be age appropriate for each presentation.

The verbal feedback from staff, parents, and students that had the opportunity has been very positive, which is not an easy accomplishment. Dee Kunic, our Safe and Drug Free Schools Coordinator, along with the rest of her staff and the eight building administrators, have also expressed nothing but positive feedback on your presentation. You were able to deal with a sensitive topic in a manner that brought the message home to all age groups in a professional and entertaining way.

If I can ever be of any help to you please feel free to contact me and, by all means, feel free to use me as a reference for other districts that may be considering your services.

Sincerely,

A handwritten signature in cursive script that reads "Rich Denamen".

Richard E. Denamen  
Superintendent
