Re: Dr. Stephen Sroka

It is my sincerest pleasure to endorse Dr. Stephen Sroka as an exemplary presenter who is knowledgeable, articulate, respected, and highly skilled.

Dr. Sroka recently spoke at a Speakers' Faire for the BTSA directors in this region and was one of the most popular and highly regarded presenters of the day. The diversity of his background and the wide array of his experiences with children allow him to stand in front of a group of educators and immediately elicit their respect. His humor, his presentation style, and his sincerity combine to make him remarkable and unforgettable!

I would never hesitate to give my highest recommendation of Dr. Sroka. I believe that all educators deserve the opportunity to hear Dr. Sroka and to experience firsthand the powerful message he shares.

Please feel free to contact me for additional information.
