Dr. Steven R. Sroka

Dear Steve:

I am writing in regard to the Michigan Tribal Adolescent AIDS & Peer Education Conference that was held in Sault Ste. Marie last month. In looking over the evaluation summary and hearing the various positive comments regarding the conference, it appears the meeting was a great success. Your participation was a major reason for this success. Enclosed is a conference evaluation summary for your review.

The Michigan Indian Tribes greatly appreciated your being part of this meeting which met many of the needs of our Native American youth. We hope to see you again very soon.

Sincerely,

Rick Haverkate, C.H.E.S.  
Health Education Consultant
