Stephen R. Sroka, Ph.D., LLC
Health Education Consultants

Dear Steve:

Emerson said, "The reward of a job well done is to have done it." You could not have given a better presentation on the "Power of One: Doing the Right Thing Right Now," than you did for our high school students and parents. Your **knowledge, passion, enthusiasm and personal commitment** helped you **connect** with your audiences. I appreciate the manner in which you relate your message to character education and the Lifeskills of "Respect," "Responsibility" and "Courage."

I hope that we can have you return next year to speak to our middle school students and teachers. "Dr. Steve," you are the students' and parents' "Dr. Phil." Again, **well done!**

Sincerely,

Duane E. Hodgin, Ph.D.
Assistant Superintendent
For Educational Support Services

"NATIONAL SCHOOL DISTRICT OF CHARACTER – 2002"

"Our life is a gift; our character is our choice."

-- Hodgin
