Letter of Recommendation for Dr. Steve Sroka

To Whom It May Concern:

Dr. Steve Sroka has served as a keynote speaker at the annual conference of the National Association for the Education of Homeless Children and Youth twice--one of only two speakers in the history of our organization to be re-invited to address our group.

Dr. Sroka is a captivating speaker who delivers a fast-paced, informative presentation based on current scientific facts regarding sex, drugs, and violence among our nation's young people. With HIV and other STDs on the rise among youth, his topic is especially timely. He also emphasizes the need for young people to learn how to respect themselves and to control what they allow others to do to them.

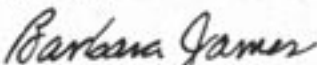

Infusing humor with his in-depth knowledge of the subject, Dr. Sroka actively engages his audience in the presentation. For many people, the topics of sex, drugs, and violence are uncomfortable at best, and for others, they are taboo. Dr. Sroka alleviates this uneasiness so that the participants move forward and benefit from the information he provides.

His message of "The Power of One to Change the Future -- Doing the Right Thing Right Now!" is a clear, strong, and inspirational message for youth and adults.

I am pleased to recommend Dr. Sroka to any organization that seeks a dynamic, candid speaker or presenter who can address any group on this challenging subject matter.

Should you need additional information, please do not hesitate to contact me at 512-475-8765.

Sincerely,

  
Barbara James  
President
