Stephen R. Sroka, Ph.D., Inc.

Dear Dr. Sroka,

What a positive impact you have made on our students at Sebring McKinley High School! Your message hit home for our students from every type of background. The kids said it best, "Finally someone who knows where we are coming from and talks to us on our level". The comments from our staff and community were also very positive.

In November of 1998 I heard you speak at a school nurse conference at Cleveland Clinic Foundation and thought how exciting it would be to bring you to our small community. That dream was realized on Friday. Your day with our school and community has stirred action and your message will not be forgotten. Thank you so much for sharing your special gift of teaching with people all over the globe, including us in Sebring, Ohio.

Best Wishes to you as you plan for the conference in Denver this summer. We look forward to working with you in the future.

Sincerely,

Melanie Stelts, R.N.
