September 28th, 1994  
WHITE EARTH, MINNESOTA 56591

Dr. Stephen R. Sroka

Dear Dr. Sroka:

It is my pleasure to write and thank you for your inspirational and educational presentations in White Earth on September 28th, 1994. The AIDS Task Force members received much positive feedback from both the students and community who attended. Your message was delivered in a language that the students could relate to and they are already wondering when you're coming back.

I hope we can continue with the message and excitement you've generated here on the White Earth Reservation. You are a gifted and dynamic speaker, keep it up!

Thanks again, it truly was a pleasure working with you!

Sincerely,

LaRaye Anderson, CHES  
Health Educator
